## **DETAILED ACTION**

### ***Response to Appeal Brief***

1. This action is in response to the Appeal Brief filed July 30, 2004.

### ***Allowable Subject Matter***

1. Claims 1-51 are allowable over the prior art of record and in light of applicant's arguments.

2. The following is an examiner's statement of reasons for allowance:

Although the examiner feels that the cited references show substantial features of the applicants claimed invention, the applicant's arguments have convinced the examiner that the cited references lack the motivation to be used in combination to teach, "receiving, at a first node, first results of execution from a task executed on a second node in the networked data processing system, wherein the first results comprise an array of result messages, modifying at the first node at least one of the result messages to create second results, wherein the second results comprise a second array of result messages including the modified result message(s), receiving, at a third node, the second results, and modifying , at the third node, at least one of the second result messages to create third results, wherein the third results comprise a third array of result messages including the modified second result message(s)".
